## Spring Quarter 2006

Welcome to the second issue of our Newsletter! We are excited to share important information, special offers, Staff Spotlights, and Pet Stars with you!

### ♥ Staff Spotlight: Richard Thwaits, DVM, PhD ♥

Dr. Thwaits (or Dr. T, as the staff likes to call him) has been with RiverWoods Pet Hospital for the past 5 years and specializes in orthopedics. We are sad to announce that Dr. T has taken a position in Reno, Nevada and will no longer be with us. We would like to thank him for everything he has done for us and wish him luck with his new job.

### Camping and Hiking

Make sure your canine buddy is protected if you take them hiking or camping. Outdoor water sources can be contaminated with Giardia, a protist that can cause gastrointestinal problems in pets. Also watch out for ticks that can carry Lyme's disease. If your pet frequents the mountain areas, we recommend vaccinations for both of these diseases to keep your pet healthy and happy.

### 🐾 Healthy Paws Plans 🐾

We now offer Healthy Paws Plans to keep your pets healthy and happy. All of our plans include **unlimited Examinations** during regular office hours and **5% off** of additional services. Our puppy and kitten plans include all first year vaccinations, fecal exams, deworming, and spay or neuter. Our adult pet plans include annual vaccinations, bloodwork, fecal exams, and deworming.
